

Immense power for the toughest jobs.

With the rotary hammers from 2–11 kg and the demolition hammers from 3-27 kg, Bosch offers everything that professionals need for extreme applications. The rotary hammers can be used for the hardest materials and offer immense power for fast work progress. What's more, the Bosch Vibration Control reduces vibration and even makes long drilling and chiselling work more comfortable.

For example, the Demolition Hammer GSH 5-CE Professional: Unbeatably powerful with 40% less vibration

^{*}in accordance with EPTA Standard 60745

Due to its Vibration Control the GSH 5 CE Professional has the lowest vibration level compared to other demolition hammers in this class, therefore enabling the longest operating time without interruption (187 mins).

Unbeatably powerful for the toughest jobs: the GSH 5 CE Professional masters any challenge, be it in plaster or concrete.

Rotary Hammer with SDS-plus

GBH 2-18 E Professional

The most compact and lightweight hammer in its class

- ▶ Extremely compact design and low weight of only 2 kg, ideal for working overhead
- ▶ High-torque motor and powerful hammer mechanism are optimised for fixing holes up to 10 mm
- ► Softgrip on main handle and gear housing

Other features

- ▶ Impact stop for drilling in wood and steel
- ▶ Softgrip on main handle and gear housing
- ► Overload clutch

Technical data	
Order number	0 611 258
Impact energy	0 – 1.7 J
Impact rate at rated speed	0 - 3960 bpm
Rated speed	450 – 1550 rpm
Drilling dia. concrete, hammer drill bits	4 – 18 mm
Max. drilling dia. steel	13 mm
Scope of supply	2K1
Auxiliary handle (2 602 025 102)	Х
Carrying case	Х
Depth stop 210 mm (2 603 001 019)	Х

2.0 kg

Rotary Hammer with SDS-plus

GBH 2-18 RE Professional

550 W

The most compact and lightweight hammer in its class

- ▶ Extremely compact design and low weight of only 2 kg, ideal for working
- ▶ High-torque motor and powerful hammer mechanism are optimised for fixing holes up to 10 mm
- ► Reverse operation for removing screws

Other features

- ▶ Softgrip on main handle and gear housing
- ▶ Impact stop for drilling in wood and steel
- ► Overload clutch

Technical data	
Order number	0 611 258
Impact energy	0 – 1.7 J
Impact rate at rated speed	0 – 3960 bpm
Rated speed	450 – 1550 rpm
Drilling dia. concrete, hammer drill bits	4 – 18 mm
Max. drilling dia. steel	13 mm
Scope of supply	3K1
Auxiliary handle (2 602 025 102)	х
Carrying case	х
Depth stop 210 mm (2 603 001 019)	х

Rotary Hammer with SDS-plus

GBH 2-22 E Professional

The all-purpose workhorse that drills holes 30% faster

- ▶ Revolutionary new impact mechanism ensures 30% faster drilling
- ► Control Electronic: accelerator function for sensitive drilling starts
- ► Overload clutch

Other features

- ▶ Impact stop for drilling in wood and steel
- ▶ Ergonomically designed softgrip handle with long trigger variable speed control
- ► Auxiliary handle with adjustable depth stop can be rotated 360°

Technical data	
Order number	0 611 250
Impact energy	0 – 2.2 J
Impact rate at rated speed	0 – 4400 bpm
Rated speed	0 – 1000 rpm
Drilling dia. concrete, hammer drill bits	4 – 22 mm
Max. drilling dia. masonry, core cutters	68 mm
Max. drilling dia. steel	13 mm
Scope of supply	604
Auxiliary handle (2 602 025 120)	Х
Carrying case (2 605 438 524)	Х

620 W

GBH 2-22 RE Professional

Rotary Hammer with SDS-plus

The all-purpose workhorse that drills holes 30% faster

- ▶ Revolutionary new impact mechanism ensures 30% faster drilling
- ► Control Electronic: accelerator function for sensitive pilot drilling
- ▶ Rotatable brush plate (equal power in forward and reverse direction)

Other features

- ▶ Reverse operation with extremely high torque for screwdriving operations
- ► Overload clutch
- ▶ Auxiliary handle with adjustable depth stop can be rotated 360°
- ▶ Ergonomically designed softgrip handle with long trigger variable speed control
- ► Softgrip for a secure hold

Technical data	
Order number	0 611 250

Max. drilling dia. steel	13 mm
Scope of supply	704
Auxiliary handle	х
Carrying case (2 605 438 524)	х
Depth stop 210 mm (1 613 001 010)	х

Rotary Hammer with SDS-plus

GBH 2-26 E Professional

Faster than a speeding bullet - The sturdy tool for continuous use

- ▶ Superior drilling rate in the 2kg hammer class
- ► Easy-to-change toolholder
- ▶ 50 mm spindle collar diameter for more sturdiness

Other features

- ▶ Impact stop for drilling in wood and steel
- ▶ Ball grommet for preventing cable breaks
- ▶ Softgrip on main handle and auxiliary handle
- ► Overload clutch

Technical data	
Order number	0 611 251
Impact energy	0 – 3 J

2.7 kg

Rotary Hammer with SDS-plus

GBH 4-32 DFR Professional

800 W

The fastest multi-hammer in the 4kg class

- ▶ Wide range of applications in chiselling and drilling work and when working with a core cutter
- ▶ Drills up to 30% faster (25 mm diameter) than comparable competitor tools
- ▶ Low vibration values of only 8 m/s² for fatigue-free working due to Bosch Vibration Control

Technical data	
Order number	0 611 332

Rotary Hammer with SDS-plus

GBH 4 DFE Professional

Perfect for all renovation work

- ▶ Components specially designed for heavy-duty use, for example hardened SDS drive jaws for long lifetime
- ▶ Exceptionally fast, tool-free changing between SDS-plus and quick-change chuck
- ▶ High single impact force ideal for chiselling and drilling

Other features

- ► Rotation stop for chiselling work
- ▶ Impact stop for drilling in wood and steel
- ▶ Accelerator electronics for precise pilot drilling with finely applied speed
- ▶ Overload clutch

Dust Extraction Hammer with SDS-plus

GBH 2-23 REA Professional

The most compact solution for dust-free drilling

- ► Convenient working due to particularly compact design
- ▶ Integrated, removable dust extraction unit for clean, dust-free working
- ► Convenient working even overhead due to particularly compact design

Other features

- ▶ Core cutter adapter set for dust extraction when working with core cutters (up to 68 mm)
- ► Retaining valves prevent dust escaping
- ► Changeable micro-filter for cost-effective service
- ▶ Easy, tool-free removal of the dust extraction unit enables you to also work without dust extraction module
- ▶ Impact stop for drilling in wood and steel
- ▶ Transparent dust eye makes exact pilot drilling easier

Technical data	
Order number	0 611 250
Impact energy	0 – 2.5 J
Impact rate at rated speed	0 – 4400 bpm
Rated speed	0 – 1000 rpm
Drilling dia. concrete, hammer drill bits	4 – 23 mm
Drilling dia. concrete, dust extraction unit	4 – 16 mm
