

## FEATURES

- **Sintered Bronze Material:** Provides excellent wear resistance and durability, ensuring long service life.
- **15mm Length:** Compact size suitable for a variety of applications, offering flexibility in design.
- **27.05mm Outer Diameter:** Ensures compatibility with standard housing dimensions, facilitating easy installation.
- **21.98mm Shaft Diameter:** Designed to fit standard shaft sizes, ensuring smooth rotation and minimal friction.

## RS PRO 15mm Sintered Bronze Plain Bearing, 27.05mm Outer Diameter

RS Stock No: 528-327

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

This RS PRO plain bearing is designed for high-performance applications, providing reliable support for rotating shafts. Made from sintered bronze, it offers excellent durability and resistance to wear, making it ideal for use in demanding industrial environments. The bearing's compact design ensures smooth operation and reduces friction, enhancing the efficiency of machinery.

## General Specifications

Product Type	Plain Bearing
Shaft Diameter	21.98 mm

## Mechanical Specifications

Length	15 mm
Material	Sintered Bronze
Outside Diameter	27.05 mm
