

Features

- ESD – Designed to safely discharge static electricity and protect electronic components from electrostatic discharge events.

RS PRO ESD glide

RS Stock No.: 0687621

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

High-quality ESD glides dedicated for use with ESD chairs. Designed to replace standard castors in applications where stationary positioning is preferred or required. They ensure excellent stability and maintain the antistatic protection of the chair by safely discharging electrostatic charges.

Ideal for use at workstations where mobility is not needed or should be restricted for safety or precision.

Compatible with the following chair models:

- RS PRO CLEANROOM ESD Basic chair
- RS PRO CLEANROOM ESD Comfort chair
- RS PRO CLEANROOM ESD Polyurethane Chair
- RS PRO CLEANROOM ESD PU Comfort

If you have questions about compatibility with other models or specific requirements, feel free to contact us.
