Datasheet

8 pcs, 5kg Pulling Capacity Spring Hook

RS Stock number [619200](#)

Description

- 8-piece set contains 5 'push/pull' hooks, 2 extension pieces, knurled handle in a vinyl wallet
- Precision made stainless steel spring hooks with nickel-plated mild steel handle and extension pieces
- Hooks and handle are 100mm long, and extension pieces 90 mm, giving maximum working length of 380 mm when assembled
- Advisory loading e.g. maximum diameter of spring wire 1.2mm on a tension of 5kg
- Ideal for electronics engineers, for pulling or pushing springs, directing or retrieving wiring in restricted areas, etc
