

FEATURES

- **Sintered Bronze Material:** Provides high wear resistance and durability.
- **1 in Length:** Suitable for compact installations where space is limited.
- **1.62 in Outside Diameter:** Ensures compatibility with a wide range of housings.
- **1.37 in Shaft Diameter:** Designed for standard shaft sizes, facilitating easy integration.

**RS PRO 1 in Sintered Bronze Plain Bearing,
1.62 in OD**

RS Stock No: 558-555

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO plain bearing is designed for applications requiring reliable and efficient rotational movement. Made from sintered bronze, it offers excellent durability and performance in various industrial settings. Its primary benefit is the reduction of friction between moving parts, ensuring smooth operation and longevity.
