Cat5e Extenders

RS232 & VGA
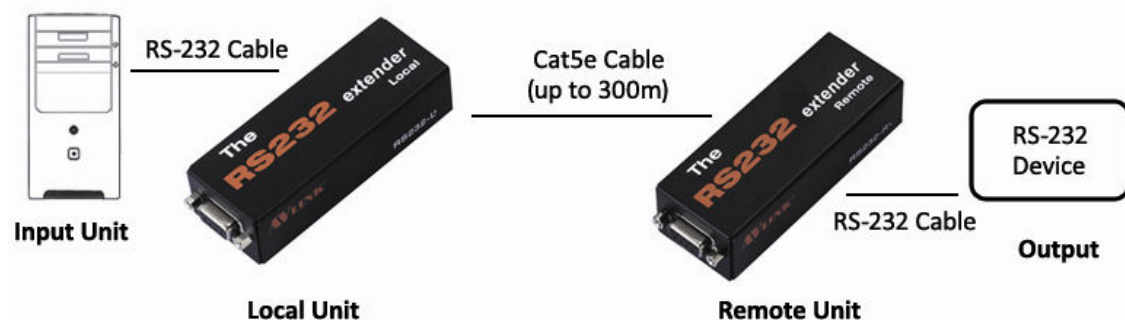

Audio / Video Extenders

VGA-V180

VGA-VRT300DBL

VGA-VRT300QD

RS232-EXT

Extend the distance between your RS-232 devices/PCs by up to 1000 metres using the RS-232 extender and one length of Cat5 cable.

Features:
• Compatible with all RS-232 protocols
• Full-duplex data communication
• Sends RS-232 data at 230 kbps up to 1000m / 3300ft
• Pure hardware solution – real time data transfer, no software conflicts
• No external power required
• Transfer data or files betweens PCs

VGA-V080

Extend the distance between the PC and the display by up to 80 metres. The local unit receives the video output from the PC and sends the signal to the remote unit through a length of Cat5 cable. The remote unit connects to the display monitor.

Features:
• Maximum resolution: 1280 x 1024 60Hz
• Equalization length is adjustable
• VGA signal gain is adjustable
• Supports "power over cable," only one unit (Local or Remote) needs to connect to a power source
• Both Local and Remote can act as the PSE (Power Source Equipment)

RS232-EXT	Extends the distance between the PC and a RS232 device by up to 300 metres
VGA-V080	Extends the distance between the PC and display by up to 80 metres (using PoE)
