

Features

- UL approved Nylon 66, 94V-2
- Color: Black, other special color available.
- Releasable and reusable.

RS PRO Releasable Cable Ties

RS Stock No.: 8111619

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

RS PRO releasable cable ties manufactured from Nylon 66 (also known as nylon 6.6) mean that they can be used more than once. They are ideal for work on prototypes, as they can be easily reopened to allow new wires to be added to a bundle. These cable ties are a type of fastener used for holding items together, most commonly electrical cables or wires and are a one-piece, self-locking fastener. Functioning like straps to keep cables tidy, they're available in a range of sizes.

General Specifications

Type	Releasable
Colour	Black
Material	Nylon 66
Fire Behaviour	Flame Retardant
Minimum Operating Temperature	-40°C
Maximum Operating Temperature	85°C
Quantity	250

Mechanical Specifications

Length	250mm / 10"
Width	7.6mm / 0.3"
Min. Loop Tensile Strength(lbs/kgf/N)	50lbs / 22kgf / 222N
Maximum Bundle Dia.	65mm

Approvals

Standards Met	UL, DNV GL, RoHS, HF, ABS
