

Datasheet

RS Pro Cable Trunking Galvanised Steel

RS Stock No: **614-211**

Product Details

RS Pro stop end is made of galvanised steel. It is used for fitting to the end of trunking to complete the installation or to allow conduit to be attached to the trunking end. The selection of fittings that enable you to configure your installation from pre-coated galvanised steel, incorporate quick release style lids. All fittings come supplied complete with fixing screws.

Features and Benefits

- 50 mm wide
- Supplied with fixing screws
- Made of galvanised steel
