## Datasheet

# 4 Port HDMI Amplified Switch

RS Stock number [783-9820](#)

### Description:

The HD-SW104 is an intelligent HDMI amplified 4 port switch. It allows four HDMI devices to be switched to one HD Monitor, Projector or HD TV. With a touch button design switching is easier and convenient.

The intelligent function will switch between HDMI sources as and when they are plugged in, removed or turned off.

### Specification:

- HDMI v1.3b
- Supports up to 1080p
- Supports 250Mhz/2.5Gbps per channel bandwidth
- Supports 12-bit per channel deep colour
- Supports HDCP pass through
- Supports uncompressed audio such as LPCM

### Contents:

- 4 Port HDMI Switch
- 5v DC 2A power supply (UK/EU)
- Remote control
- User manual
