

FEATURES

- **2 m cable length:** Provides flexibility and reach for various setups
- **IEC C13 to BS 1363/A connectors:** Ensures compatibility with a wide range of devices
- **13 A current rating:** Supports high-power applications
- **250 V voltage rating:** Suitable for standard mains power
- **Grey PVC jacket:** Offers durability and protection against wear
- **Straight mains socket type:** Simplifies installation and use

RS PRO 2 m Power Cable Assembly, IEC C13 to BS 1363/A

RS Stock No: 558-936

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO power cable assembly is designed for reliable and safe electrical connections. With a length of 2 metres, it is ideal for connecting devices to mains power in various settings. The assembly features an IEC C13 connector on one end and a BS 1363/A plug on the other, making it suitable for use in the UK and compatible regions. Its robust construction ensures durability and consistent performance.

General Specifications

Connector Type A	IEC C13
Connector Type B	BS 1363/A
Jacket Colour	Grey
Mains Socket Type	Straight
Product Type	Power Cable Assembly

Mechanical Specifications

Cable Length	2 m
Jacket Material	Polyvinyl Chloride

Electrical Specifications

Current Rating	13 A
Voltage	250 V

Approvals

Standards/Approvals	ASTA, CCCs, CSA, EAC, ENEC 11, ICC, JET, PSE, SII, RCM N10544, Singapore Safety Mark, UL
