

Features

- Secure box
- Conductive material
- Anti-static Foam
- 200 kraft single wall B flute design
- Blank address label

RS PRO Conductive ESD-Safe Box, 521 x 394 x 64mm

RS Stock No.: 233-519

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

- The RS PRO Conductive ESD (Electrostatic Discharge) box stands as a specialised shield, meticulously crafted to safeguard delicate electronic components from the perils of electrostatic discharge. Its core strength lies in its construction, meticulously lined with antistatic foam, which not only provides impeccable mechanical defence but also renders it an ideal choice for shipping ESD-sensitive PCB assemblies and components with utmost care and reliability.*
