# RS Pro Serial Cable Assembly 140mm Male to Female, 5.25 in Molex to 5.25 in Molex

## Product Details

### Disk Drive Power Leads

Three leads which allow you to interface between your PC's internal power supply and your disk drive/CD-ROM  
**Type 1:** A 10cm lead terminated with a 3.5 inch disk drive power connector and a 5.25 inch disk drive power connector

**Type 2:** A 30cm lead terminated in a 5.25 inch disk drive male connector and a 5.25 inch disk drive connector female power connector, thus allowing the existing power lead to be extended

**Type 3:** A 14 cm lead which has 1 male 5.25 inch disk drive power connector connected to 2 female 5.25 inch disk drive connectors, thus allowing 2 devices to share 1 power supply output

## Specifications:
