

65/40 40mm Brass Padlock Twin Carded Keyed Alike

Product Features

Comes with 3 keys and all 3 keys will work with both padlocks

The Abus 65 Series brass padlocks have a body which is made from solid brass, hardened steel shackle up to 30mm and hardened steel alloy shackle 40mm and above.

The inner components are made from non-corrosive materials. The precision pin cylinder has mushroom counter pins with the paracentric key-way offering greater protection against manipulation.

They are suitable for low to medium security requirements and are also suitable where a strong requirement for service performance and longevity is required.

The padlock locking is automatic, it does not require a key.

Shackle produced from hardened steel.

Precision pin tumbler cylinder.
