Features

- **Heavy-Duty Steel Cover** – Ensures **maximum durability** and protects against **continuous impact wear**.
- **Compression Technology** – Absorbs shocks, minimizing **wear and tear** on docks and vehicles.
- **Sloped Top Design** – Prevents trailer overrunning, minimizing risk of damage.

RS PRO Steel Heavy Duty Dock Bumper with Front Plate 780mm Length x 280mm Width x 140mm Height Steel

Vendor Partcode.: 0688191

RS PRO is our own brand range and brings you a wide range of high-quality, great value products offering you more choice. Trusted by engineers all over the world, every part of every RS PRO product has been rigorously tested against demanding industry standards; they're only given the RS PRO Seal of Approval if we're confident of their exceptional quality, which means you can be confident too.

Product Description IBUTE

The RS PRO Steel Heavy Duty Dock Bumper *is engineered to provide unmatched safety and resilience, making it the ideal solution for loading bays, warehouses, and high-traffic industrial environments. Designed to withstand intense impacts from trailers and heavy goods vehicles, this bumper helps protect dock levellers and structures, ensuring long-term operational efficiency.*

Its robust steel cover enhances durability, preventing premature wear, while its compression technology effectively absorbs shock, reducing strain on both the bumper and the loading bay. The innovative sloped design prevents trailer override, ensuring additional protection against unintended damage.

Specifications

Material	Steel
Colour	Silver
Length	610mm
Width	200mm
Height	127mm
Weight (Kg)	79

Approvals

Standards Met	REACH
