Kit of 6 plastic sign posts with 10m of chain - with empty base

A set of 6 premium bollards with 10 meters of chain, designed for easily marking off access points, whether temporarily or permanently. The bollards come as a set for convenient space-saving storage. They have a concrete-weighted base for stability and are made of ABS and polypropylene. Each bollard features two rings, one with holes and the other with hooks, for hanging chains in four possible directions, as well as a threaded top for attaching information signs. They are available in various colors, and the information panels are sold separately.
