## Product Description

### RS PRO ESD Heel Grounder

Disposable heel grounders are designed for plant visitors and other temporary workers who enter static controlled areas.

These grounders are made from 100% antistatic polyester with a conductive coating, providing safe and polyester with a conductive coating, providing safe and effective protection. They are supplied in 10 sheets of 10 easy to tear off heel grounders.

The disposable heel grounder uses the conductive yarn in the antistatic fabric to crate and maintain electrical contact between the ground and body and can optimise static dissipation.
