

Cooling T-shirt

+ PRODUCTS

BENEFITS

- Immediate and long-lasting cooling effect, reducing heat-related fatigue
- UPF 50+ sun protection to help prevent dermatological risks
- Odor prevention through antibacterial treatment
- Reduced discomfort and skin irritation
- Excellent freedom of movement

DESCRIPTION

Technical T-shirt designed to improve thermal comfort in hot working conditions. Its cooling fabric is easy to activate and provides immediate and long-lasting freshness, helping to reduce heat-related fatigue.

Its UPF 50+ sun protection shields the skin from UV rays, particularly during prolonged exposure to sunlight. The T-shirt features an antibacterial treatment to limit the development of bacteria and ensure hygienic use. The breathable and lightweight fabric guarantees excellent freedom of movement and long-lasting comfort.

INDUSTRIES / APPLICATIONS

- Construction (BTP / TP)
- Heavy industry / Metal industry
- Logistics / Transport
- Green spaces & landscaping
- Port activities
- Oil & mining industry
