

FEATURES

- **Sintered Bronze Material:** Provides excellent wear resistance and self-lubricating properties, reducing maintenance needs.
- **8 mm Length:** Suitable for compact installations where space is limited.
- **10.03 mm Outside Diameter:** Ensures a snug fit in standard housings, enhancing stability.
- **6.98 mm Shaft Diameter:** Compatible with common shaft sizes, allowing for versatile use.
- **Plain Bearing Design:** Offers low friction and smooth operation, improving efficiency.

RS PRO 8mm Sintered Bronze Plain Bearing

RS Stock No: 528-243

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO plain bearing is designed for smooth and efficient rotational movement in various mechanical systems. Made from high-quality sintered bronze, it offers excellent durability and reduced friction, making it ideal for applications requiring reliable performance and longevity.

General Specifications

Product Type	Plain Bearing
Shaft Diameter	6.98 mm

Mechanical Specifications

Length	8 mm
Material	Sintered Bronze
Outside Diameter	10.03 mm
