

## FEATURES

- **250W Power Rating:**  
Provides robust performance for demanding soldering tasks
- **Electric Power Type:**  
Ensures consistent and reliable power supply
- **Temperature up to 480°C:**  
Allows for a wide range of soldering applications
- **Compatible with 276-9518 Soldering Station:** Seamless integration for enhanced functionality
- **Standards Approved:**  
Complies with ANSI-ESD S20.20:2021, CE, REACH, and RoHS for safety and environmental assurance

## RS PRO 250W Electric Soldering Iron, 480°C Temperature

RS Stock No: 630-808

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

### Product Description

The RS PRO 250W Electric Soldering Iron is designed for precision soldering tasks, offering high performance and reliability. Ideal for use with the 276-9518 Soldering Station, this soldering iron ensures efficient heat transfer and precise temperature control, making it suitable for both professional and hobbyist applications.

### General Specifications

For Use With	276-9518 Soldering Station
Power Type	Electric
Product Type	Soldering Iron
Soldering Tip Temperature	480 °C
Sub Type	Soldering Iron
Tip Series	Type B

### Electrical Specifications

Input Voltage	220-240 V ac
Power Rating	250 W

### Approvals

Standards/Approvals	ANSI-ESD S20.20:2021, CE, REACH, RoHS
