UX10G3-EX Product Launch (EU & WW Only)

Product Overview

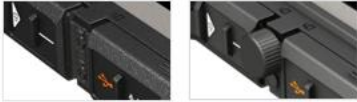

The UX10G3-EX is a fully rugged tablet, certified to ATEX and IECEx standards for safe operation in Zone 2/22 hazardous environments. Its robust design ensures reliable performance in demanding conditions, empowering field workers with secure and efficient solutions.

Standard UX10G3 vs. UX10G3-EX

■ Visual Comparison:

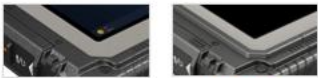

[5] The two I/O door covers on the left side of the tablet are blocked with a "thumb screw" to prevent them from opening in hazardous area.

Standard UX10G3

UX10G3-EX

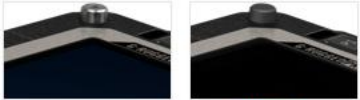

[4] The thickness of the display cover glass has been increased by 0.6mm to enhance durability.

Standard UX10G3

UX10G3-EX

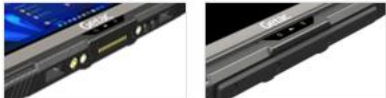

[1] All guide pins are covered with rubber caps.

Standard UX10G3

UX10G3-EX

[2] Docking connector is blocked with rubber cover.

Standard UX10G3

UX10G3-EX

[3] All exposed screws are covered with mylar.

Standard UX10G3

UX10G3-EX
