RS Stock No.: 885315

RS PRO is the own brand of RS. The RS PRO Seal of Approval is your assurance of professional quality, a guarantee that every part is rigorously tested, inspected, and audited against demanding standards. Making RS PRO the Smart Choice for our customers.

Product Description

RS PRO 700mm Tall Safety Box is a durable, front-loading storage solution designed to keep essential safety equipment secure, protected, and readily accessible in emergency situations. Ideal for storing first aid kits, spill kits, and other critical safety supplies, it is suitable for installation on both vehicles and buildings.

Manufactured from tough UV-stabilised roto-moulded polyethylene, the box is built to perform in demanding environments while protecting its contents from water, dust, and UV exposure. Dual UV-resistant polycarbonate inspection windows allow contents to be easily checked without opening the box, helping ensure vital equipment is always visible and ready for use.

Designed for reliability in demanding environments, the 700mm Tall Safety Box offers a practical and secure storage solution that ensures essential safety equipment is protected, organised, and immediately accessible when it's needed most.
