Description of Change: Vishay Siliconix is standardizing the passivation to HVM Planar GEN3 portfolio at Newport foundry to improve production efficiency. Previously, both 10K PSG and 2K LTO + 12K PSG have been used on different part types, from July 20, 2026, the standard process will be "2K LTO + 12K PSG".

In parallel, Vishay Siliconix is expanding BGBM capacity at Vishay Newport site from existing in-house Vishay Simconix Shanghai and Vishay Siliconix Philippines sites.

Reason for Change: Production efficiency improvement and capacity expansion

Expected Influence on Quality/Reliability/Performance: There will be no effect on the quality, reliability, or performance. There will be no changes in minimum and maximum values on the datasheet parameters.

Part Numbers/Series/Families Affected: Please see materials list on the succeeding page.

Vishay Brand(S): Vishay Siliconix

Time Schedule:

Start Shipment Date: Monday July 20, 2026

Sample Availability: PCN samples are available upon request

Product Identification: No change on product ordering

Qualification Data: Qualification results are available upon request

This PCN is considered approved, without further notification, unless we receive specific customer concerns before Friday July 17, 2026 or as specified by contract.

Issued By: Michael Hsieh, michael.hsieh@vishay.com

Product Change Notification

Product Group: SIL/Friday May 15, 2026/PCN-SIL-035-2026-REV-0
