RS Pro 740g Sovereign Polishing Compound

RS Stock No: **488-5669**

Product Details

RS Pro sovereign polishing compound of capacity 740 g, is a high grade, fast cutting composition and is perfect for steel and for removal of extrusion and burning lines from aluminium. It provides excellent cut and colour performance on a variety of materials and more effective on stainless steel. It is designed to use with conjunction with either stitched polishing mops or calico polishing mops. It is intended for dry use without the need for secondary lubrication. All of the compounds are supplied in rectangular bar format.

Features and Benefits

- Suitable for final polishing or finishing of stainless steel
- Imparts a high quality finish on non-ferrous metals
- Removes abrasive marks remaining after previous cleaning operations
- Non-greasy rouge can be used for the final finishing of brass and precious metals
- Sovereign construction
