

FEATURES

- **Sintered Bronze Material:** Provides high wear resistance and longevity.
- **3/4 in Length:** Suitable for compact spaces while maintaining performance.
- **1 in Outside Diameter:** Ensures compatibility with a wide range of housings.
- **0.87 in Shaft Diameter:** Offers a precise fit for standard shafts, reducing vibration and noise.

RS PRO 3/4 in Plain Bearing, Sintered Bronze

RS Stock No: 528-201

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO plain bearing is designed for applications requiring reliable and efficient motion control. Made from sintered bronze, it offers excellent durability and performance in various industrial settings. Its primary benefit is the reduction of friction between moving parts, enhancing the lifespan of machinery.
