

ENGLISH

**DATA SHEET**  
**Telephone cleaning wipes**  
**RS 251-3772**

These pre-saturated, handy wipes, are suitable for removing ink, grease and other marks from phone handsets and units. The wipes leave the surface clean and fresh.

- Prevents cross contamination of germs.
- Removes stale odours.
- Contains powerful bactericide and perfume to indicate cleansing performance.
- Quick and easy to use - no mess, no fuss.

**Packaging**

1 Tub containing 100 pre-saturated wipes.

**Order Code**

RS 251-3772

**Product Use**

Suitable for use on all types of handsets, mobile phones and keypads.

The product can be cleaned using one of the handy wipes and either left to dry naturally or, for speed, by using a lint-free cloth.
