MOD XT 550W PSU 80+ Bronze Certified

MOD XT 550W Modular 80Plus Bronze ERP Power Supply Unit

Features & Specifications

- Semi-modular PSU - use only the cables you need, aiding in cable management
- All direct DC cables have mesh sleeving, and the flat modular cables help reduce interference to airflow
- INTEL® ATX12V Ver.2.4 - Compliant with latest INTEL® ATX12V Ver.2.4 design guide
- Support HASWELL CPU - Supports the latest INTEL® 4th Generation "HASWELL" CPU with C6/C7 power saving mode
- Powerful Single 12V Rail - for high compatibility and extreme high current output
- Long cable length - 20+4P & CPU 4+4P up to 600mm & 650mm respectively - easy reach to all components
- Low ripple noise - Clean and pure DC output quality
- 2 PCIe 6+2pin connectors
- Smart speed control 12cm fan
- Full Circuit Protection - Complete protection: OVP/UVP/OPP/SCP/SIP

Cables & Connectors:

Connector	Qty
20+4PIN	1
4+4 PIN	1
4PIN	4
