

1-DRAWER TOOL BOX | TB-B1-D-30-1

The ToughBuilt® StackTech® 1-Drawer Tool Box is a must-have for Pros to build a system unlike any other and customise it to the needs of every trade.

The StackTech 1-Drawer Tool Box features an intuitive self-aligning top that allows StackTech tool boxes and totes to virtually stack themselves. An auto-locking interface ensures boxes sit securely, lock into place for transport, and easily unlock with a slide of the switch. A prominent lock indicator lets you know your Stack is safe to move without second guessing. Accessing tools without unstacking is simple and intuitive with a self-latching drawer. Inside, you'll find a total of 8 dividers (2 large + 6 small) to help Pros stay organised and partition their space. Full customisation is at Pros fingertips with tool-free, quick-release steel accessory rails. The StackTech 1-Drawer Tool Box is built for high-impact durability with armored corners and steel ball-bearing slides to ensure it can handle the toughest conditions.
