

FEATURES

- **Sintered Bronze Material:** Provides high strength and wear resistance for extended service life
- **3/4 in Length:** Suitable for compact installations where space is limited
- **0.87 in Outside Diameter:** Ensures compatibility with a wide range of housings
- **0.74 in Shaft Diameter:** Designed for precise fit and optimal performance

RS PRO 3/4 in Plain Bearing, Sintered Bronze

RS Stock No: 528-121

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO plain bearing is designed for smooth and efficient operation in various mechanical systems. Made from sintered bronze, it offers excellent durability and reduced friction, making it ideal for applications requiring reliable motion control. The bearing's compact size and robust construction ensure long-lasting performance in demanding environments.
