

54V XR FLEXVOLT 3Ah Li-Ion Blower

- Efficient, air volume 680 m³ and wind tunnel speed > 190 km/h
- Speed, variable at the trigger with a blocking system, for more control at startup and during use
- High performance brushless motor (with 3Ah battery)
- Design of the curved tube, for less fatigue during a prolonged use
- Included nozzle, increases the blowing force for some resistant debris
- Autonomy: 15 min at full power

Standard equipment: delivered with 1 XR FLEXVOLT battery
54V 3Ah Li-Ion + charger
