STORAGE BOX

Product Description

RS PRO 400 Litre Medium Storage Box. Built with strength, durability, and practicality at its core, the Medium Storage Box offers a generous 400-litre capacity, making it ideal for storing salt, sand, absorbents, tools, and a wide range of equipment. Designed for demanding commercial and industrial environments, it provides a reliable storage solution that keeps contents secure and protected.

Manufactured to high standards, this robust, leak-free storage box is engineered to withstand everyday use in harsh conditions while maintaining its structural integrity. Its practical design allows it to sit neatly against walls and vertical surfaces, helping to maximise available space without compromising accessibility.

The box is fully accessible by forklift and pallet truck, making transportation and repositioning simple, whether in warehouses, depots, construction sites, or outdoor facilities. Its clean, professional appearance also ensures it looks at home in both industrial and public-facing environments

Designed to deliver dependable performance in demanding conditions, the 400 Litre Medium Storage Box combines strength, practicality, and generous storage capacity, making it the ideal solution for keeping essential materials organised, protected, and readily accessible.
