RS Stock No.: 124-4861

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Lifting Slings

Product Description

RS PRO polyester round slings ideal for various lifting applications. Polyester round slings easily adapt to lifting various shaped items, the wide bearing surface helps protect the load while lifting. A high degree of flexibility makes the slings easy to fit around lifting materials in several different lifting configurations. All slings are colour coded and have ident stripes to indicate WLL (working load limit).
