

Adhesive Haemostatic Dressings - Assorted Pack of 5 (Large)

- Ideal for protecting minor severe bleeds
- Manufactured from 100% Chitosan and encompassed with clear adhesive PU film

Adhesive Haemostatic dressings are ideal for covering moderate to severe bleeding wounds. The dressings work with your body's clotting process to stop bleeds quickly. The dressings are ideal for anywhere there is risk of a severe bleed occurring including workplaces that are seen as high risk. Adhesive haemostatic dressings are also ideal for people who need help with their natural clotting process including people taking blood thinning medication.

Adhesive haemostatic dressings are available in a range of sizes ideal for covering wounds of all sizes, they can also be purchased in assorted packs of 5.
