RS PRO RS PRO Back to Work Hygiene Kit

Stock No: 201-3411

Introducing the RS PRO Back to Work Hygiene Kit. This kit contains everything needed for a safe return to work in line with new hygiene standards and ensuring the safety of the user as well as those in the surrounding environment.

The kit contains:

- 2 x 50 ml Hand Sanitiser
- 1 x pack of 100 2 Ply Soft Tissues
- 50 x 3 Ply Face Masks

Hand Sanitiser, 50 ml

A 70% alcohol-based hand sanitiser, designed as a non-rinse solution to decrease bacteria present on the hands

- Rapid drying for easy and quick use
- Kills germs without water
- Flip cap for easy access
- Manufactured in the UK
- Ingredients: Ethanol, Carbomer, Propylene-Glycol, Triethanolamine

2 Ply Soft Tissues, pack of 100

Soft, 2 ply tissues that are supplied in a convenient pop-up dispenser, ideal for catching sneezes, tackling a runny nose or even wiping surfaces down

- Super-soft, strong and absorbent
- Handy dispenser pack means non-contact supply of tissues, to help reduce the spread of germs
- Tissue Size: 198 x 210 mm (w x l)
- Dispenser Size: 230 x 115 x 49 mm (l x w x h)

3 Ply Face Masks

The non-medical 3 ply face masks can be worn to cover the nose and mouth area of the face

- Non-woven 3-layer non-sterile mask with an elastic band and flexible nose clip
- Bacterial Filtration Efficiency >95%
- Machine-made
- One Size – 9.5 x 17.6 cm (± 1 cm)
- Material: Polyethylene (24gsm), Melt blown (25gsm), Polyethylene (25gsm)
- 50 pieces per box

Note:

***This product is for not for PPE respiratory protection, nor is it a medical device
These masks are to be used as an additional barrier to reduce the spread of bacteria, germs and viruses in a non-medical environment***
