DESCRIPTION

BAG 35 TOOLS FOR ASSEMBLERS

3 GOOD REASONS TO CHOOSE THIS COMPOSITION

Secure and versatile clamping: The range of combination wrenches, pipe wrenches, 15" adjustable spanner, and Stillson wrenches covers the main nut and tube diameters encountered during assembly.

Precise positioning from the first alignment: Tape measure, square, magnetic level, scribe, and punch ensure reliable marking, squaring, and placement before final tightening.

Clean fitting and adjustments on site: Metal saw, files, chisel, and riveting hammer allow you to cut, deburr, adjust, and finalize an assembly without returning to the workshop.
