

FEATURES

- **8-Port Configuration:** Allows connection of multiple devices, enhancing network scalability.
- **Power over Ethernet (PoE):** Simplifies installation by providing power and data through one cable, reducing wiring complexity.
- **High Network Speed:** Supports 10, 100, and 1000 Mbit/s, ensuring fast and reliable data transmission.
- **DIN Rail Mounting:** Facilitates easy and secure installation in industrial settings.
- **Compact Design:** With dimensions of 116.2 mm x 45.3 mm x 99 mm, it fits easily into space-constrained environments.
- **Robust Standards Compliance:** Meets ANSI-ESD S20.20:2021, CE, RoHS, REACH, UKCA, UL62368-1, and WEEE standards, ensuring safety and reliability.

RS PRO 8-Port Ethernet Unmanaged Network Switch, PoE

RS Stock No: 694-305

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

The RS PRO 8-Port Ethernet Unmanaged Network Switch is designed to provide seamless connectivity for industrial and commercial environments. With Power over Ethernet (PoE) capability, this switch simplifies the installation of network devices by delivering power and data over a single cable. Ideal for expanding network capacity, it supports high-speed data transfer rates of up to 1000 Mbit/s.

General Specifications

Desktop/Rack Mount	DIN Rail
Network Speed	10, 100, 1000 Mbit/s
Number of Ports	8
Number of RJ-45 Ports	8
Number of RS-485 Ports	0
Number of USB Ports	0
Product Type	Network Switch
Switch Type	Ethernet Unmanaged Switch

Mechanical Specifications

Depth	116.2 mm
Height	99 mm
Width	45.3 mm

Electrical Specifications

Power Over Ethernet	Yes
---------------------	-----

Approvals

Standards/Approvals	ANSI-ESD S20.20:2021, CE, RoHS, REACH, UKCA, UL62368-1, WEEE
