## RS PRO 4-Padlock Lockout Station, Aluminium Composite Panel

RS Stock No: 642-807

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

The RS PRO Lockout Station is designed to securely organise and store lockout devices, ensuring safety and compliance in industrial environments. With a robust aluminium composite panel construction, it provides durability and resistance to harsh conditions. This lockout station can accommodate up to four padlocks, making it ideal for managing multiple lockout points efficiently.
