

Optional Accessories

Spindle Attachment Tips

- Simple interchangeable tips attached to standard micrometer spindles enable measurement of contours otherwise unmeasurable (for 6.35 mm spindles only).
- Measuring range changes when a spindle attachment tip is mounted: the maximum measuring range is 10 mm or less (accuracy is not guaranteed).

SPECIFICATIONS

Code No.	Tip type	Dimensions	Price
208062	Spline		£21.80
208063	Comparator		£21.80
208064	Blade		£21.80
208065	Knife edge		£21.80
208066	Disc		£25.20
101468M	Metric ball (5 mm)	-	£7.90
101468E	Inch ball (.2")		

Micrometer Oil

- Special lubricant for micrometers.

Technical Data

Tip length*: 10 mm ± 5 μm

* Excluding ball attachments
