

Dremel BOX (DMB1G)

Accessory

Storage solutions

Stackable storage solution (77 x 328 x 23mm dimensions)

- Customisable design that gives you total flexibility, with convenient accessory holder
- Stack up to 3 boxes for easy mobility
- Fits into tight spaces like drawers, closets or shelving
- Store up to 20 accessories in each box or simply remove the organizer to have more space

Designed with customisable storage in mind, you can personalise your Dremel Box with the accessories you choose to store.

Stackable Modularity.

Each box is carefully crafted to build on top of one another, making it easier to build out your DIY library. Stack up to 3 boxes for easy mobility.

Perfect for Small Spaces.

Ideal for homeowners, renters, and DIY enthusiasts with a growing tool library. This compact storage unit fits into tight spaces like drawers, closets or shelving.

Removable Accessory Storage.

Whether you're looking to organise accessories or house smaller tools, the Dremel Box is a versatile storage system. Fit up to 20 tool accessories in each box or seamlessly remove the accessory organiser to have more space.
