

Cut-off wheel EHT 230x1.9x22.23 mm flat Special Line SGP STEELOX for steel/stainless steel

Cut-off wheel EHT 230x1.9x22.23 mm flat Special Line SGP STEELOX for steel/stainless steel

Item number: [61328702](#)

EAN: [4007220522776](#)

Special Line SGP tools are specially developed for specific tasks and offer the user key advantages over conventional products. Furthermore, the Special Line SGP includes tools that offer ultimate economic efficiency thanks to their particularly high performance during use.

Cut-off wheel for steel and stainless steel (INOX) with high cutting performance and an excellent tool life. Specially optimized for use on thin sheets and profiles.

Workers all over the world rely on quality and therefore choose the thin cut-off wheels from PFERD TOOLS. The PFERD TOOLS product range includes thin cut-off wheels in various designs and therefore the right tool solution for any application – ergonomically optimized, efficient and with the highest level of safety. The thin cut-off wheels from PFERD TOOLS are characterized by their special bond formulation. Intensive research and development work combined with systematic implementation in state-of-the-art production facilities guarantee PFERD TOOLS' high quality and safety standards.

Technical information

Abrasive	Aluminium oxide A
Dia. external	230 mm
Dia. hole	22.23 mm
Max. RPM	6600 RPM
PFERD TOOLS type	EHT 230-1,9 SGP STEELOX
Shape	EHT / 41 / T1
Width	1.9 mm

Advantages

- ✓ Excellent tool life on thin sheet metal and profiles thanks to wear-resistant bond system.
- ✓ Suitable for general use on steel and stainless steel (INOX).
- ✓ Fast work progress thanks to good cutting performance.
- ✓ Thin cuts with minimal burr formation.
- ✓ Convenient and safe.
- ✓ Fast cutting.

Materials that can be worked

- ✓ Stainless steel (INOX)
- ✓ Steel

Applications

- ✓ Cutting of thin sheet metal and profiles
- ✓ Cutting out holes

Drive types

- ✓ Angle grinder
