Article number: SB25561

EAN: 4010995452209

Customs tariff number: 90303370

Makes handling easier: Schuko socket with a flexible cable for easier access.

Simplifies your work: Easy error detection via LED display.

Dimensions: 9.0 x 7.5 cm

Application: For testing and error recognition of Schuko sockets, cable drums, and extension cables.

Measuring category: CAT II up to 300 V.

Standard: IP 40. CE certified.

Was the socket connected correctly? The socket tester from Wiha allows easy testing of Schuko sockets for correct wiring. Errors are clearly indicated by an LED display and allocated to the error source. Thanks to a flexible cable on the Schuko socket, the socket tester from Wiha can also be used in cramped work situations and allows easy reading of the measurement results at all times. In line with the measurement category CAT II up to 300 V, the socket tester from Wiha offers maximum security when working on electrical circuits.

EN 61010-1 (DIN VDE 0411-1).
