Product Description

Antistatic Polyurethane Stool is a modern solution designed for environments where effective electrostatic discharge (ESD) protection is essential. It combines user comfort, durability, and antistatic properties to provide safe and practical support for everyday tasks.

Product Features:

- ✓ **Adjustable, anti-slip seat made of soft polyurethane** – ensures comfort and safety during use
- ✓ **Durable five-star chrome steel base** – offers stability and resistance to intensive use
- ✓ **Stain-resistant surface** – easy to clean and ideal for demanding environments
- ✓ **Conductive castors** – rubber-coated to protect flooring and support ESD control

An ideal choice for production and service environments where reliable electrostatic protection is essential. Perfectly suited for industries such as electronics, automotive, general manufacturing, medical, pharmaceutical, and defence.
