uvex phynomic silv-air VP//60087

Description

The uvex phynomic silv-air gloves supports and protects the wearer with an innovative design that inactivates virtually all microorganisms in just five minutes. A combination of vesicle and silver technology limits the growth and resistance of viruses and bacteria.

Characteristics

- Extremely light and sensitive protective glove
- Excellent touchscreen ability
- Very comfortable when wearing under disposable gloves

Applications

- Helps to reduce transmission
- Contact areas in public space
- Inner glove when wearing disposable gloves
