

STANLEY

STANLEY Tungsten Carbide™ Blades 10 Pack

2-11-800U

Features:

- The sharper, more durable cutting edge means less time spent changing blades
- Blade stays sharper 10X longer* Based on average values compared with Stanley 1992 blades
- Steel body allows flexibility to help prevent breaking
- Laser deposited carbide lines edge delivering a long lasting blade for the job site

Description:

The STANLEY Tungsten Carbide™ Blades have been designed for heavy duty cutting and trimming. The blades have carbide edges, which allow the rest of the blade to remain flexible. They are long lasting and are very sharp. These blades fit most standard utility knives. The pack includes 10 blades which is ideal for numerous versatile cutting applications.
