

FEATURES

- **Stainless Steel Construction:** Offers high durability and resistance to corrosion, ensuring longevity in harsh environments.
- **Rectangular Shape:** Provides optimal force distribution, minimising damage to vehicles and docks.
- **ANSI-ESD S20.20:2021 Compliance:** Meets industry standards for electrostatic discharge protection, enhancing safety.
- **REACH Compliant:** Ensures the product is free from harmful substances, promoting environmental safety.
- **Dimensions:** With a height of 340 mm, length of 790 mm, and width of 275 mm, it fits a variety of dock configurations.

RS PRO Dock Bumper, Stainless Steel, Rectangular

RS Stock No: 688-189

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO Dock Bumper is designed to provide robust protection for loading docks and vehicles. Made from durable stainless steel, it offers excellent resistance to impact and environmental conditions, ensuring long-lasting performance. Its rectangular shape is ideal for absorbing and distributing force, reducing damage during docking operations.
