Category title

Brush hard nozzle

Connection

Fits directly onto the tube, for blow gun 208 and 209

Standards

OSHA STD 01-13-001

Description

Brush with hard bristles is efficient for cleaning wet or heavy dirt that is slightly stuck to the surface. Should only be used on scratch resistant or non-sensitive surfaces.

Air & fluid guns accessories

Removable accessories for Series 208, 209 and MultiFLOW blow guns. Various tubes and nozzles are available to meet specific application requirements.
