

- Unique design with all the functionalities of a professional magnetic whiteboard
- Particularly well suited for intensive and long term use
- Write on / dry wipe surface is guaranteed for 25 years when used in combination with Legamaster accessories
- Stain and scratch resistant board surface

Glassboard PURE (optical white)

104 x 117,5 cm

- Glassboard of 5 mm "optical white" safety glass. The surface is hardened glass where the normal (green) glass colour nuances have been eliminated in a special process, leaving a clear, white glass
- Anodised aluminium frame that runs fully over top and bottom of the board
- Can be written on with whiteboard markers and dry wipe-able
- Excellent writing capacities because of the smooth surface
- Easy to clean, resistant to detergents
- Magnetic board surface, notes can be stuck to the board with special glassboard magnets
- Special nicely designed glassboard magnets are strongly advised; as normal whiteboard magnets do not function properly on the glassboard surface
- Wall mounting construction supports the board approximately 30 mm off the wall, creating the impression of floating
- Comes complete with mounting set
- Please note: screws are not included in the delivery: each wall requires wall-specific screws for the particular on-site situation
