

Features

- Simple structure, easy installation.
- With characteristics of constant temperature heater, no need temperature controlling system.
- It is safe when liquid is burnt out in liquid heating device, with long service life.
- Not sensitive to voltage fluctuating, wide operating voltage.
- Restore automatically after invalidation.

RS PRO Heating Elements

RS Stock No.: 0336721

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

- *PTC aluminium shell heater, generally used for contact-type heat conduction, through the aluminium shell heat transfer to the object in contact with the aluminium shell.*

General Specifications

Rated Voltage	24V
Lead wires	UL3135, 20AWG
Lead wires length	100mm
Termination	5mm splice crimp
Surface Temperature	40 °C
Dimensions	L40mm * W35mm * T7.2mm

Approvals

Standards Met	CE, ROHS
