

## Skipper S4 Life

Product code: S4life

### Overview

Designed specifically for the retail and hospitality market, the S4 Life barrier has all the modularity and versatility of the Skipper range but with look and performance of fixed, fabricated metal systems. These can be extremely expensive and cannot be moved around, also they will not have integrated lighting, all worked from an intuitive free app.

All made from metallic recycled polypropylene, the S4 Life barrier is by far the most beautifully complete system available.
