

Datasheet

RS Pro Screw Pitch Gauges

RS Stock No: 387-0199

Specifications:

Narrow designed blades permit use for internal and external screw threads
 Locking device at each end to secure all blades for storage or position the individual blade for use

Correct pitch is determined by matching blade teeth with component thread

Each set a wide range of sizes and blade combinations

Description	Gauge Type	Number of Blades	Number of Groups
Metric Threads 60° 0.5-2.5mm	Metric 60°	28	2

Pitch range
Group 1: 0.25, 0.30, 0.35, 0.40, 0.45, 0.50, 0.55, 0.60, 0.65, 0.70, 0.75, 0.80, 0.85, 0.90mm
Group 2: 1.00, 1.10, 1.20, 1.25, 1.30, 1.40, 1.50, 1.60, 1.70, 1.75, 1.80, 1.90, 2.00, 2.50mm
