## RS PRO 8 Piece Socket Set, 1/4 in Hexagon Drive

RS Stock No.: 180-7090

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

Introducing the RS PRO inch drive socket set, a high quality and versatile impact tool accessory kit for professional or DIY applications. Thanks to the impact technology, these sockets are able to withstand usage in extreme circumstances or high torque applications without shortening the life of the tool, while the built-in ring magnet ensures any fasteners or fixings are securely held when tightening or loosening to avoid damage or loss. This socket set is an ideal impact socket tool kit for professional tradesmen and DIY enthusiasts alike, allowing a high level of versatility across a wide range of applications to complete work to a professional standard.
